

PE PIPE & FITTINGS

David Moss Corporation manufactures and supplies a comprehensive range of PE pipe from 20mm to 1200mm in diameter, with associated fittings.

We have the technological capacity to produce a large range of fabricated fittings such as sweep bends, tees, Y junctions and complete spool packages from detailed drawings.

David Moss Corporation can also design and manufacture to suit your piping requirements. We also offer a complete range of joining systems including electrofusion, stub end, backing rings, mechanical compression couplings and accessories.

TRUST THE SPECIALISTS

- » PE Pipe
20mm - 1200mm
- » Co-extruded White
- » Compression Fittings

ABOUT US

David Moss Corporation is a wholly owned private business that can trace its heritage back to 1936.

David Moss in its current form was incorporated in 1960 and has a national footprint with branches in Perth, Kalgoorlie, Brisbane and Adelaide.

Our clients are predominantly in the mining, industrial, civil utilities, government and agricultural sectors within Australian and international markets.

David Moss Corporation is part of the larger David Moss Group. Other Group companies provide specialised piping solutions, crushing and screening products and specialist products and services.
